message). **Phases:** Triage → Forensics → Root cause  
**Step-by-Step Real-World Process**

- Connect with **Velociraptor** (remote DFIR tool) or run live response on the affected server.

- Collect volatile data first:
  - Running processes (tasklist)

- Network connections (netstat -a)

- Logged-in users (psloggedon)
    - Recent files and web server logs (Apache/Nginx/IISS)
  - Capture memory if possible (for injected malware).
  - Image the web root directory and server disks.
- Tools you used:**
- Velociraptor (for remote collection and hunting)
- 
- The screenshot shows the Velociraptor web interface. At the top, there's a search bar with the text "Search clients" and a dropdown menu showing "DESKTOP-IOVSTHQ.lan" with a green "Connected" status. Below the search bar is a table with the following columns: "State", "Hunt ID", "Description", "Created", "Started", and "Expires". The table contains one row with the following data: "H.CA0S4967BUL7K", "Collect services", "2022-06-21T23:05:43+10:00", "2022-06-21T23:05:48+10:00", and "2022-06-28T23:05:20". Below the table, there are tabs for "Overview", "Requests", "Clients", and "Notebook". The "Overview" tab is currently selected.

- Image the web root directory and server disks.
- Tools you used:**
- Velociraptor (for remote collection and hunting)
- 
- The screenshot shows the Velociraptor web interface. At the top, there's a search bar with the text "Search clients" and a magnifying glass icon. To the right of the search bar is a dropdown menu showing "DESKTOP-IOVSTHQ.lan". Below the search bar is a toolbar with icons for adding, playing, pausing, and deleting. Below the toolbar is a table with columns: "State", "Hunt ID", "Description", "Created", and "Started". The table has one row with the following data: "Running", "H.CA0549U6B7ILK", "Collect services", "2022-06-21T23:05:43+10:00", and "2022-06-21T23:05:48+10:00". Below the table is a navigation bar with tabs: "Overview", "Requests", "Clients", and "Notebook". The "Clients" tab is currently selected.

- elociraptor (for remote collection and hunting)
- 
- The screenshot shows the elociraptor web interface. At the top, there is a search bar with the text "Search clients" and a magnifying glass icon. To the right of the search bar is a dropdown menu showing "DESKTOP-10VSTHQ\lan". Below the search bar is a file explorer showing a directory structure with icons for folders and files. Below the file explorer is a table with the following columns: "Hunt ID", "Description", "Created", and "Started". The table contains one row of data:
- | Hunt ID        | Description      | Created                   | Started                   |
|----------------|------------------|---------------------------|---------------------------|
| H-CSA949U6B7LK | Collect services | 2022-06-21T23:05:43+10:00 | 2022-06-21T23:05:43+10:00 |
